3. Tenant / Portal
4. Public / Marketing
5. Demo (host access)
6. Admin Mode (internal tooling)
7. Cross-cutting capabilities
8. Route map

1. Product overview & roles

Leased Initiative is a rental management platform. Landlords work in the Studio workspace (/studio). Tenants work in the Portal (/portal). Public marketing, Terms, welcome onboarding, and host-driven demos sit outside authenticated product areas.

Roles

- Landlord / Studio Admin (role: admin) — portfolio, tenants, leases, payments, alerts, company profile, settings
- Tenant / Portal (role: client) — registration, lease review/sign, rent & deposit payment, files, repairs, timeline, profile
- Public / Marketing — homepage, welcome/role select, Terms of Service, style chooser
- Demo (public host session) — access code or company demo link; landlord or tenant POV; changes not saved
- Admin Mode (internal / QA) — mock users, scenarios, reseed, demo codes; enabled in DEV or via VITE_ADMIN_MODE

2. Landlord / Studio Admin

2.1 Auth, welcome & tour

Authentication

- Studio register: company name (immutable after signup), email, password
- Email verification flow (check-email / verify-email)
- Studio login
- Sign out (also exits an active public demo session)

Welcome carousel (landlord track)

- Your landlord workspace — registrations, lease statuses, filters, openings
- Rentals and lease import — portfolio fields, occupancy tiles, Display Settings, Company Profile import
- Approve new tenants — Waiting to Connect, Accept, Add Tenant, lease status pipeline
- Upcoming openings — re-sign messages and invite codes from Rentals
- Overdue rent messaging — payment tiles, filters, SMS templates
- Tenant Alerts — photo repair/concern reports
- Shared slides: revisit Tour anytime; try product demo; ready to begin

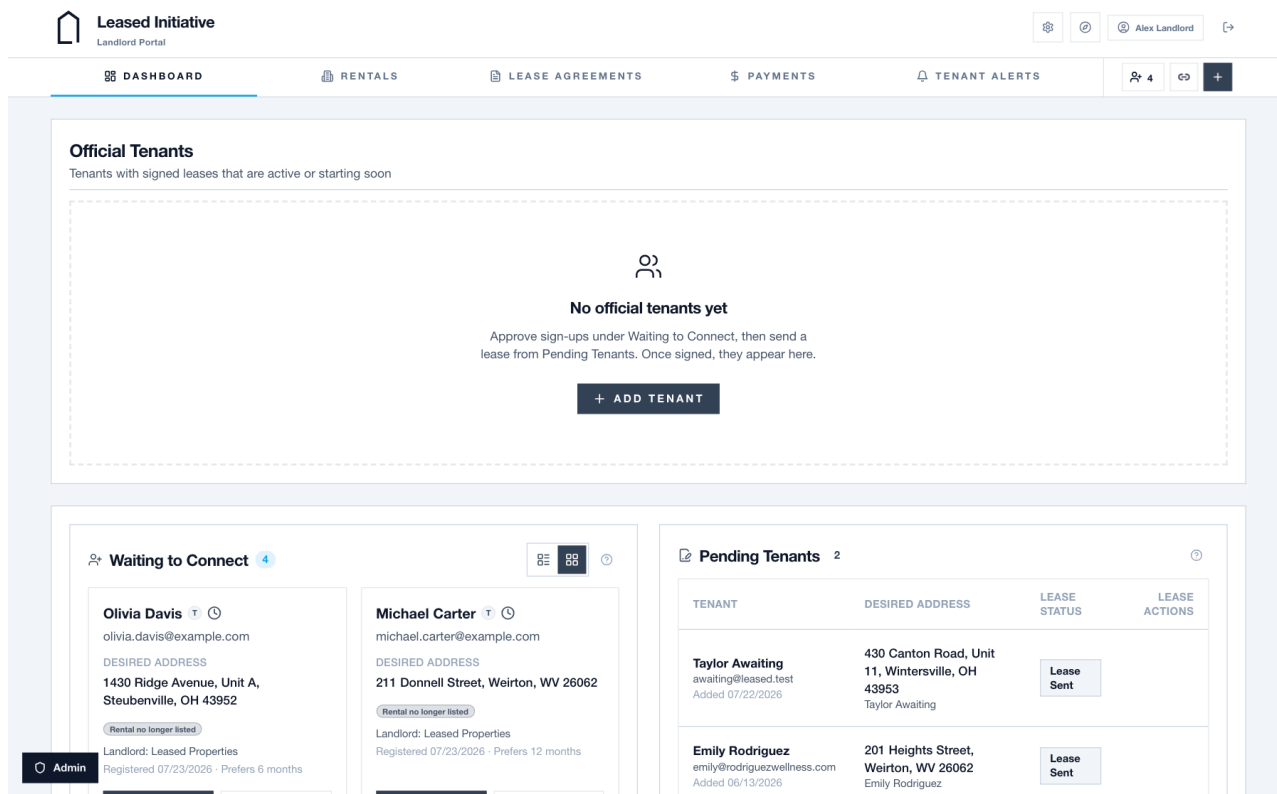

In-app Tour

- Restart from nav Tour button anytime
- Section jump bar: Dashboard, Rentals, Lease Agreements, Payments, Tenant Alerts
- Walkthrough covers pipeline, rentals, openings, leases, payments/overdue, alerts, profile import, and settings

2.2 Navigation & global actions

- Primary nav: Dashboard, Rentals, Lease Agreements, Payments, Tenant Alerts
- Settings, Tour restart, Company Profile (company name), Sign out
- Tenant shortcuts: View New Registers (pending badge), Send Invite Link, Add Tenant
- Rentals nav: available-rentals indicator when vacant openings exist
- Tenant Alerts nav: unread count badge

2.3 Dashboard & tenant pipeline

Official Tenants

- Table of signed leases that are active or starting soon
- Sort by Date Became Official; Address (A–Z), or focus by state / region / specific rental
- Edit Column Arrangement (drag reorder): Name, Email, Address, Lease Status, Payment Status; Actions pinned
- Address column location display modes: street / city / state / zip / full
- Lease Status badges with pipeline labels
- Payment Status tags: last payment (check + hover date/provider) and next-due countdown; deep-link to Payments
- Row actions open tenant profile; empty state prompts Add Tenant

Waiting to Connect

- New registrations awaiting landlord approval
- Accept / Dismiss moves to Pending Tenants; Dismiss
- List vs gallery view toggle
- Rental availability badges for applicant's property
- Tenant marker badges and help tooltips

Pending Tenants

- Accepted, manually added, or imported tenants awaiting a signed lease
- Lease actions: Draft / Generating (live poll) / Send / Resend / Preview
- Status markers such as Lease Sent
- Open Send Lease Agreement modal

Other dashboard UX

- Hash deep-links to dashboard sections
- Auto-refresh when admin notification count rises

2.4 Rentals & upcoming openings

Rentals — portfolio tiles, occupancy, and Upcoming Openings

Portfolio management

- List of rentals feeding signup, invites, leases, openings, and payments
- + Add Rental: address autocomplete/confirm, rental type, bedrooms, max tenants, units; monthly rent per unit
- Housing types: Apartment, Condo, Single-Family Home, Townhouse, Duplex, Triplex, Fourplex, Multi-Family, Studio, Loft, Basement/ADU, Vacation Rental
- Search by address or type; secondary rental-type select

Display Settings

- Tile vs Spreadsheet view (persisted)
- Tile size scale
- Filter By: All Rentals + type chips for types in the portfolio
- Location filters: Property State, Region (+ Edit Regions)
- Showing X of Y when filtered

Tile & spreadsheet views

- Tiles: address, type, monthly rent, occupancy, per-tenant share, beds tag, interest c
- Spreadsheet: sortable address, type, bedrooms, max tenants, occupancy, open units, monthly rent, tenant share

Details & openings

- Highlight deep-link (?highlight=) with scroll/flash
- Details modal: rent/pricing, open units, official tenants with lease status/dates, profile links
- Upcoming Openings: vacant / opening soon / ending / renewal rows
- Select opening !' re-sign message or generate invite code/link; copy link

2.5 Regions & location filters

- Edit Regions: name, area codes, states, optional map radius circle picker
- Filter rentals and lease agreements by region / state / area code / map radius

2.6 Tenant lifecycle & profiles

Inviting & adding tenants

- Send Invite: generate invite link, copy, create another
- Add Tenant: name, email, phone, property, January/August or scheduled start, lease length; auto-generates lease draft
- Invite-aware tenant registration path

Tenant profile (/studio/clients/:id)

- Edit client; open/edit lease; lease PDF; delete or view lease
- Email mailto; quick note; mark follow-up complete; remove client
- Important dates & deadlines; profile notes
- Lease CTAs: Draft, Send, View/Edit, Resend, Revise

2.7 Lease agreements

Lease Agreements — status badges, term progress, Display Settings

Portfolio (/studio/contracts)

- All lease agreements with term progress
- Display Settings: Tile (default) / Spreadsheet; tile size; Filter
- Status filters: Signed, Sent, Active, Not Started, Draft in Progress, Generated, Completed, Cancelled
- Location: Property State, Area Code, Region (+ Edit Regions)
- Tiles: tenant name; Sent/Signed/Active badges with hover dates; address ! map; Month

Payments

3 due · 2 paid across 5 tenants.
